- **How does the lottery work?** Students' names are drawn at random and every student will be given a number in the order his/her name was drawn.

Each Rhodes School Campus is focused on, when possible, serving families in the community near each school. We encourage families to fill out a form for the Campus where they have priority based on their zip code. Where open seats are available, children receive prioritization in the lottery for each Rhodes School Campus in the following order:

- a. Siblings of students who currently attend The Rhodes School.
- b. Students whose parent/guardian is a member of the Board of Directors or an Employee at The Rhodes School.
- c. Eligible students who attend one of our onsite early learning programs for the full year
- d. Eligible students who live in a specific Rhodes School Campus' zip code zone. e. Eligible students who live outside the zip code zone of the Rhodes School Campus they are applying to.

- **How does The Rhodes School define a “sibling” for enrollment purposes?** “Sibling” means a person with whom a child shares one or both parents in common by blood, adoption, or marriage, even if the marriage was terminated by death or dissolution. Siblings reside at least 50% of the time in the same household.

- **How will my twins/triplets/multiples be handled in the lottery process?** Parents of twins, triplets, or multiples applying to the same grade will complete one New Student

Application of Interest Form per child. Twins, triplets or multiples applying to the same grade will receive a unique lottery number per child and will be placed during the lottery into the desired grade or wait list in individual, yet consecutive, slots.

- **If I am applying for full-time employment at The Rhodes School, will my child be given preference in the lottery?** Children of prospective full-time employees will participate in the lottery without the employee preference. The availability of seats and student placement will be discussed at the time of employment.
- **What happens once I am notified that my child(ren) has been granted an available seat?** All students who have been granted an available seat must complete a registration packet. A link will be emailed to the e-mail address provided to complete.
- **What if my child does not make the lottery this school year?** If your child's name is not selected in the lottery and all of the open seats at your Rhodes School Campus in the appropriate grade level are filled, your child's name will be placed on the school's waiting list for that school year only. Waitlists are not carried forward from year to year. If you are not contacted about enrollment during the current school year, you will have to reapply the following year.
- **Will my student have to participate in the lottery each year?** Once officially enrolled, all Rhodes School students will remain enrolled for future years, subject to continued residency within the district, and other academic and disciplinary guidelines as stated in the Student Handbook. In the winter of each school year, you will be asked to complete a Notice of Intent to Return for the next school year to ensure your spot.
- **Will my child be able to enroll mid-year?** Yes, In the event that a seat becomes available during the first semester of any school year, the Admissions Office will contact the family at the top of the waitlist for that grade to discuss their interest.
- **What is a New Parent Orientation?** Orientation is mandatory for all new and returning students. They are designed to ensure that your family's experience at The Rhodes School is successful and positioned for academic success.
- **What is an Informational Session?** This allows prospective parents an overview of our school and what they can expect if their family decides to become part of our school community. New Parent Informational Sessions give parents insight about our academic

philosophy, academic plan, school life, and activities, and a detailed explanation of the enrollment process. The presentation will conclude with a question and answer period.

New Parent Informational Session dates will be emailed to all prospective families once they have been scheduled.

Returning Students

- **What is the process of re-enrollment?** Re-enrollment is a 2 part process. During the first part, you will be sent a link via email to complete the Intent to Return. The first part must be completed by January 31st. If you do not complete the first part by the deadline you will forfeit your spot and have to re-apply as a new student. Email and text notifications will be sent out to parents when the second part of re-enrollment is ready for you to complete.
